Missions Definition: Missions is glorifying God through any endeavor to make disciples in a location or culture beyond the influence of Our Church by means of evangelism, training, and/or church planting.

This definition lays the groundwork and foundation for our 5 values. It is based on the Great Commandment (to love and glorify God, and to love all people) and the Great Commission (to make disciples of all nations / people groups).

Core Values for the Our Church Missions Program

1. Global Vision – We believe every individual at OUR CHURCH should have a vision of what God has called us to do around the world. We will work to give first hand exposure through education, short-term trips, and visits from missionaries to encourage first hand involvement in the area of world missions.
2. Prayer – We believe God calls us to regular prayer for our current missionaries and fervent prayer for new workers to be raised up for the harvest. We will offer regular opportunities and communication to lead our body in prayer. (Matthew 9:37-38; Colossians 4:2-4)
3. Quality Missionaries – We believe that we should send out and support missionaries who are clearly called and equipped for ministry. We will prayerfully discern the qualifications of new missionaries, and regularly evaluate the missionaries we currently support.
4. Spirit Led – We believe that we must depend on the leading and guidance of the Holy Spirit for our vision and our day to day decisions. We will endeavor to allow the Holy Spirit to guide us in how to implement the plans and policies we prayerfully establish.
5. Missionary Care – We believe we are responsible to support and care for our missionary family in every way possible (emotionally, spiritually, financially, etc.). We strive to be an oasis of encouragement and rest to our missionary families. (Philippians 1:5; 4:10, 15-16)
